

Supplier Associate Membership

The Dutch Association of Craft Brewers (CRAFT) is founded in 2003 and has grown out until the biggest cooperation of breweries in The Netherlands. Our (over 170) members are all entrepreneurs who are concerned with the development, production and selling of craftbeers.

Our members and suppliers in the branche experience they are operating in a growth market. The market of craft beers in the Netherlands is booming. The consumption of pilsner reduces for many years now and at the same moment there is a strong (national and international) demand for local craft beers.

To give suppliers a chance to increase their involvement in the Dutch brewers branche, CRAFT introduced a Supplier Associates Membership. Following the example of our English sister-organisation [SIBA](#), this membership will bring great benefits to suppliers.
